

# All The Way To Kingdom Come

Rich Mullins

We didn't know what love was 'til He came  
And He gave love a face and He gave love a name  
And He gave love away like the sky gives the rain and sun  
We were looking for heroes, He came looking for the lost  
We were searching for glory, and He showed us a cross  
Now we know what love is 'cause He loves us  
All the way to kingdom come (All the way)  
All the way to kingdom come  
Love is a miracle  
It's a miracle if you can find it  
And miracles are hard to come by these days (these days)  
But the sweet Lord Jesus, he's a miracle man  
He's got holes in His feet, in His side, in His hands  
And if you ask for love, love pours through them  
Like a ray of light, like a raging blaze  
We didn't know what love was 'til he came  
And He gave love a face and He gave love a name  
And He gave love away like the sky gives the rain and sun  
We were looking for heroes, He came looking for the lost  
We were searching for glory, and He showed us a cross  
Now we know what love is 'cause He loves us  
All the way to kingdom come (All the way)  
All the way to kingdom come  
Life is a mystery  
It's a mystery we're all living  
This world is so fragile  
And we're so frail, so frail  
Yeah, with the sweet Lord Jesus, His mysterious heart  
Keeps the life-blood pumping at the center of it all  
If He let go of us, we'd all blow apart  
But He holds on tight, His love don't fail  
We didn't know what love was  
We didn't know what love was 'til He came  
And He gave love a face and He gave love a name  
And He gave love away like the sky gives the rain and sun  
We were looking for heroes, He came looking for the lost  
We were searching for glory, and He showed us a cross  
Now we know what love is 'cause He loves us  
All the way to kingdom come (All the way)  
All the way to kingdom come  
All the way to kingdom come (All the way)
