

## Outro

Rich The Kid

The taste of lead  
That's how they gave it to you  
But one was laced with lead

They don't wanna see you make it  
They don't wanna see you shine  
How to get a skateboard on the grind?  
Look at my diamonds, go blind  
Niggas they talkin', they broke  
Y'all just be talkin' that coke  
And fuck you ain't with me  
Never seen the Act, ain't sippin'  
Alright, alright, alright  
I done ran up a check overnight  
Want the pussy bad, bought the bitch a flight  
Look what I did to the Sprite  
bitch want them bands  
Look at the doors on the Lamb'  
Like shawty, hello I'm the man  
You the nigga on fire, need a fan  
Many men wish death upon me  
Strapped up, Dej Loaf, try me  
Niggas they don't want that lead  
I hit your face, not your head  
You pimp out that bread  
We gon' have to put you in your death bed  
And I'm sippin' on the purple, not red  
I've been smokin' too much, got dreads

The taste of lead  
That's how they gave it to you  
But one was laced with lead  
The taste of lead  
That's how they gave it to you  
But one was laced with lead

They might try to take your life  
But I'm walkin' with a choppa, think twice  
Wake up in the mornin', gotta thank God  
I'm flexin' with a Rollie, have no job  
Walkin' with the cash, I do numbers  
Got a Masi but I coulda bought a Hummer  
And I might drop the top all summer  
Why you hatin' on me tryna get commas?  
They might try to take your life  
Try to take your life, try to take your life  
Niggas started hatin' on me, bought a Tec  
I ain't worried bout nothin' but a threat  
On the way, my M on a jet  
I'm a rich nigga, get the net  
I'm a real savage like Offset  
Pull up Forgiatos, they offset  
They might try to take your life  
Try to take your life, try to take your life  
But I'm walkin' with a choppa, think twice  
Take a chance like Vegas on the dice  
All this all up in the 360

All the TV hoes tryna get with me  
Wake up in morning, thank God  
I had holes in my shoes, now the black card

The taste of lead  
That's how they gave it to you  
But one was laced with lead  
The taste of lead  
That's how they gave it to you  
But one was laced with lead
