Alone

Richard Hawley

Do you know exactly how I feel
And you know, you're someone in my place
And you make me feel
So alone and unreal
Yeah it makes me feel alone

There could doves floating out in space
Alone, by this bridge staring across the lake
And it makes me feel
So alone and unreal
Yeah it makes me feel alone
Alone
Alone
Alone

And it makes me feel
So alone and unreal
Yeah it makes me feel alone

I hold an echo of your face
And you know, I shouldn't be in this place
And it makes me feel
So alone and unreal
Yeah it makes me feel alone
Alone
Alone
Alone
