1. Memories of you and me

Tumble inside my head

The way that we used to be

Things that we said

C#5
No one has ever
Es5
made me believe so strong
C#5
You left me to wonder
Es5
How did our love go wrong

- C5 As5**
R: Angelia
Es5 B5
Where you running to now
C5 As5
Angelia
Es5 B5
Got to make you turn around

- C5 As5**
2. I lie awake at night
F5 B5
Wait for the sun to shine
C5 As5
I still feel you next to me
F5 B5
Your lips on mine

Without a warning

You made our love a lie
C#5
You said you were sorry

But you never told me why
