

# Eyes Of The World

Richard Smallwood

Same old same in this hopeless place  
Here in the arena of the masses  
Face to face with our fears and faith  
Who of us will rise up from the ashes  
Empty eyes here in paradise  
Can you find the courage to go on  
Realize in these desperate times  
In your struggle you are not alone  
'Cause we all need to find our way back home

'Cause the eyes of the world are watching you  
They are searching for someone to follow  
Yeah, the eyes of the world are watching you  
Will you lead or just stand in the shadows  
Will you show them a reason to believe  
On display in this grand parade  
We just see through human paradigm  
No escape from this human race  
Oh, to break this present state of mind  
Are you up for trying one more time

In this grand design  
We all long to find  
A light to lead us home  
I know, that God will lead you safely on
