

Facts Are, Truth Is

Richard Smallwood

Replace the facts with the truth
No, it's not over for you
Don't let what you see, what you hear discourage you
For every bad situation, there's a spiritual solution
In the word and the word will work for you
Whatever the facts are, you can replace it with the truth

Oh the facts are people are sick
But the truth is by His stripes we are healed
Oh the facts are some are under attack
But the truth is no weapon formed will prosper
Yes the facts are the economy's down
But the truth is His blessings make rich
His word will work for you
Whenever, wherever, whatever the facts are you can replace it with the truth

Facts are, but the truth is
God's word is the truth
