

Promised Me Grace

Richard Smallwood

God's word is real to me
No doubt it lives in me
Speaks of grace that shines on me
Did it for Paul and will do it or me

This promise has been granted me
He's strong when my soul gets weak
Through it all I have victory
His grace fulfills the need
Fills the need

I've made many mistakes
Lost friends throughout my days
Only one reason why I'm here today
God's grace made things ok
I'm so grateful grace found me
Grateful unmerited favor

Hallelujah, thank You for Your grace
