

24 Hours

Richie Kotzen

You get me going with the way you hold back
And every second i want you so bad
You're turning me inside out making the mess you see
I've never know something so right

No slow dancing but you can't beat a sure thing
I love it keep me up another 24 hours
No resting in your bed of roses
Time's ticking slow what's another 24 hours

I'm in a haze but i thinking i'm ok
Somehow a minute turned into all day
Making a mess of my life but you make it so easy
I've never known something so right

No slow dancing but you can't beat a sure thing
I love it keep me up another 24 hours
No resting in your bed of roses
Time's ticking slow what's another 24 hours

O let me lay back
Come on show me where it's at
I wanna keep it up with you baby so bad
I think that i'm love with the drug that your giving me

I'll give you everything i got i'll give you 24 hours a day
Abuse the substance
I'll give you everything i got i'll give you 24 hours a day
Every day what you say?
I'll give you everything i got i'll give you 24 hours a day
Abuse the substance
I'll give you everything i got i'll give you 24 hours a day
I guess i'm just your bitch

No slow dancing but you can't beat a sure thing
I love it keep me up another 24 hours
You're so bad but i love how you sting me
O lord let me live another 24 hours

I'll give you everything i got i'll give you 24 hours a day
Abuse the substance
I'll give you everything i got i'll give you 24 hours a day
Every day what you say?
I'll give you everything i got i'll give you 24 hours a day
