

Best of Times

Richie Kotzen

He's wearing shoes 17th
Double streets 1970
They were young they are taking their time
No hurry no pressure no wonder why?

But nine years ago
There is still kept today

These are the best of times
Don't change
Don't let the good things sleep away

I know we can survive
The same
Don't let good things sleep away

Crazy of sentence and the our bless
They move slow but they moving up so fast
I think about the things that we've had
I'm trying thinking of some of good some of bad
Why would I let you go
Don't you feel the same way?

These are the best of times
Don't change
Don't let the good things sleep away

I know we can survive
This way
Then I touched and feel things like yesterday

I know we might be try or play
But you know I want you in nature way
