

Dust

Richie Kotzen

Hold me down
Struggled with the feeling, yeah
You're gonna open me up
And I can't stop the bleeding, no
Something in you, oh
Burned by all the fools that passed through my life,
Scared by the scene that's gonna across my eyes,
Drown in the pain I can't arise,
But I want you, I need you, I can't live without you
babe,

So I gonna run, close my eyes
Let the pain by leave behind me burn to dust
Yeah, I'm gonna run, through the fire
And no way to find me through the dust (dust, dust)

Slow me down
Encarvy all the pieces, yeah
I don't want to be fooled down
But too much competition, oh, oh, hey, oh yeah
I'm trying to be
Cool with my position, oh
I just don't want to be fooling myself yeah
I've meant to be to change oh, oh, oh yeah yeah
Burned by all the dues I had to pay last time
Scared by the truth I had to realize,
Scared by all the life I have to face
But I want you, I need you, I can't live without you
babe

So I gonna run, close my eyes
Let the pain by leave behind me burn to dust,
Yah, I'm gonna run, through the fire
And nobody's gonna find me through the dust (dust, dust)

Burned by all the fools that let me down last time
Scared by all the things that made em feel all right
Crawling in the pain I can't arise
But I want you, I need you, I can't live without you
babe

So I gonna run, close my eyes
Let the pain by leave behind me burn to dust
Yah, I'm gonna run, through the fire
And no way to find me through the dust
Yeah, I gonna run, close my eyes
Let the pain by leave behind me burn to dust
Oh, I'm gonna run, through the fire
And ain't no way to catch me through the dust (dust,
dust)
