

Gold Digger

Richie Kotzen

When I met you we were the best of friends
spent every night together in my bed
no lie at one time I thought that you were good for me
you drove a benz and a jag too but when the money quit so did y
ou
so fast to take the cash

Gold digger suck it down go get that money
Go on shake it baby Shake it baby
Gold digger sell it out you spent all mine and I thank you

you got my little baby girl tellin' her things that are wrong
but its right for you so its cool
to tell her that I'm not her real daddy
I'm lookin' back I had the hundereds stacked
career move always in the black and you gave me nothing back

Gold digger suck it down go get that money
Go on shake it baby Shake it baby
Gold digger sell it out you spent all mine and I thank you
