

Happy Here

Richie Kotzen

Oh, I don't fit the world we're living in
And I don't think you're happy here, oh, oh, oh
Wish we could start it all again
Celebrate each other and be happy here

Speak to me, and tell me what you hope for, yeah, yeah
Try to be sweet, don't cause any tension, not now, not now, not
now, not right now
So cast into the wind, wake me when it's over
I #complete# if you bring me the same, oh, oh

Oh, I don't fit the world we're living in
And I don't think you're happy here, oh, oh, oh
Wish we could start it all again
Celebrate each other and be happy here

Spin my wheel, stop it when it's hopeful, oh yeah
Baby you should know with me, right now, I've always been the j
oker
So if you blow with the wind, tell me when it's over
I can keep #complete# but no one thinks the same, no

Oh, I don't fit the world we're living in
And I don't think you're happy here, oh, oh, oh
Wish we could start it all again
Celebrate each other and be happy here

Oh, I don't fit the world we're living in
And I don't think you're happy here, oh, oh, oh
Wish we could start it all again
Celebrate each other and be happy here
