

High

Richie Kotzen

I am so innocent I swear to god oh but you pressure me
And I can't help but unwind
By now you know I'm not the stable kind
But you keep on testing me
Until I make you cry how long can I take you
You should know that the only way I can deal

Is to get high so high until everything is gone
And I can't say a word
I get high so high
Just to shut you out so I can't hear a word

I know your lookin' for an endless love
But this thing ain't what you think
It's more like endless work
You say I'm jaded and my mind is thick
And that I'm blind to trust
But I can see right through you
How long can I take you
You should know that the only way I can feel

When I am away from you my head is strong
When I get near you make sure my mind is gone
The only way to deal with you is to get high...

Is to get high so high until everything is gone
And I can't say a word
I get high so high
Just to shut you out so I can't hear a word
