

I Can Make You Happy

Richie Kotzen

Standing hit with a money man, she thought it was cool but it was sad
Another tear spending all about cash, sure looked smooth, but it went fast
By the 30's she was alone and broken down, nowhere to go
The only thing she'd ever ask me was:
Can you make me happy?
Can you make me happy?

Talkin' 'bout this, talkin' 'bout that, thought you don't know where it's at
You say you never feel whole, complete and you're always holding back
So take the pass and forget that, I wanna show you what you never had
Come on
Tell you what I'm gonna do for you:

Whatever you want, whatever you need
I will be
I will make you happy
Whatever you need, I'll be your release
Lean on me
I will make you happy

You had the arse and the cause and the greed and the ring but it all meant n
othing
Your friends tell you what you wanna hear but you don't feel a thing
So come on, come step up to this, I know what is missing

You know what I'm gonna do for you:

Whatever you want, whatever you need
I will be
I will make you...
Whatever you need, girl, I'm your release
Lean on me
I will make you happy
Whatever you want, whatever you need
I will be

Whatever you want, whatever you need
I will be
I will make you happy
Whatever you need, girl, I'm your release
Lean on me

Whatever you want, whatever you need
(Oh oh, oh oh)
I will be
(I'll be keeping you happy.)
I will make you happy
(I'll be keeping you happy.)
Whatever you need, I'm your release
(I'll be.)
Lean on me
I will make you happy
(Whatever you want, whatever you need)
I will be
I'll be keeping you happy
Oh, make me, just make me, baby
Is it keeping you happy? Oh...

Whatever you want, whatever you need
I will be
I will make you happy
Whatever you need, girl, I'm your release
Lean on me
And I will make you happy
I can make you happy
I can make you happy
I will make you happy
Yeah, I can keep you happy
