

Livin' Easy

Richie Kotzen

I feel this time in my life that I saved it I'm
motivated
Not like I was, it's all right
I feel like the time of my life is before me
I 'm learning slowly
I found the light I follow
And I feel you lifting me high

Livin' begun now that she's over
No worry my son, I tell you that I'm livin' easy
Bad way done gone no weight on my shoulder
This time I'm livin' easy

I fought the bad times out without quitting now I'm
living
Ain't no one messin' with my mind
I earned a right to live now I'm winning like a new
beginning
Times worn a path where I stand
All things are clear in my eyes

Livin' begun now that she's over
No worry my son, I tell you that I'm livin' easy
Bad way done gone no weight on my shoulder
This time I'm livin' easy

Livin' begun now that she's over
No worry my son, I tell you that I'm livin' easy
Bad way done gone no weight on my shoulder
This time I'm livin' easy
This time I'm livin' easy
Oh, I'm livin' easy
