

Love Is Blind

Richie Kotzen

Oh this time, she got the best of me
And I've got nothing to stand by

Help me preacher
No one's praying for me now
They're all up off knees o' uh o'

Call the dealer
I've got to change that constitution
This woman's got me so spun out
So I keep rollin', rollin', rollin' through my days
I was playing like the gambler
What's my name

But I know this time, she got the best of me
And I've got nothing to stand by
Oh this time, I gotta make the deal
I know it's suicide, but love is blind

Mother Nature has somehow stunt my evolution
Cuz I'm trippin backwards oh
Cut my losses
Someone paid me restitution
Woman's got me so tore up
Believe me but I'm rollin', rollin', rollin' through my
days
I was playing like the gambler
What's my name

But I know this time, she got the best of me
And I've got nothing to stand by
Oh this time, I gotta make the deal
I know it's suicide, but love is blind

Oh oh,
What am I gonna do?
I'm falling, falling, falling ... for you
What am I gonna do?
Just don't say I love you, What am I gonna do?
What am I gonna do?

But I know this time, she got the best of me
And I've got nothing to stand by
Oh this time, I gotta make the deal
I know it's suicide, but love is blind
