

Moonshine

Richie Kotzen

Feelin' alive I'm runnin' on the moonshine, kickin' it
high ain't workin' for the hoodoo man
Lovin' is right were talkin overdrive child, high as a
kite ain't nothin' gonna crash my ride...
I can't deny a good thing, just gotta cure my one fix
tonight...

High on my moonshine Loaded down my mind High on my
moonshine

Saturday night said it's alright for fightin, 'Straight
up on ice, anyway I'll take my shot
Check my attitude, girl I'm in the mood, anyway you
like you know I'm gonna do you good...
When I prescribe a good thing, I take the time to
medicate my mind...

High on my moonshine Loaded down my mind High on my
moonshine

Blinded by light I'm burnin' up the freeway, dodgin'
the white lines my XKE is movin right....

Red, Blue light can kiss my ass, There ain't no law
that can touch me tonight...

High on my moonshine Loaded down my mind High on my
moonshine

High on my moonshine Loaded down my mind High on my
moonshine

High on my moonshine Loaded down my mind High on my
moonshine
