Peace Sign

Richie Kotzen

I keep hearing bad news so much Everyday of my life Everbody keeps talking and talking so much But I don't see them try

Love, love, love, love It's so easy to say Love, love, love, love It's not easy to do

Freedom ain't no free ride Some still need to fight People wave the peace sign So people can unite

You say you got the blues so bad But you don't know why I see people that lose so much It makes you just wanna cry

Love, love, love, love
It's so easy to say
Love, love, love, love
It's not easy to do

Freedom ain't no free ride Some still need to fight People wave the peace sign So people can unite Freedom ain't no free ride Some still need to fight People wave the peace sign People can unite
