

Rely on Me

Richie Kotzen

I used to be like a hunter up all night a runner
but now thats over
you came to me like an oasis
now I can finally face whats on my shoulder
I can't say I am the one but if we start it up
I know, I know.....

If we get together to make this
Ill never fake it Im gonna try
when we get this whole thing together
Im gonna save it you can rely on me

your tellin me you feel used
you know I paid my dues
I'll walk you through it
we can work for ever last and keep the past the past
now I can't say I am the one
but when we start it up
I know. I know.....
