

# Stand Tall

Richie Kotzen

Stand stand tall stand tall, go get yours because you deserve it

Stand stand tall stand tall, good people know they've got to earn it

Stand stand tall stand tall, and all the children got to learn it...because you deserve it

If you stand tall you don't have to worry

If your hands are small be sure to hit em heavy

If you're down and out money got you buried

Put your hands up high heaven's open early

Stand stand tall stand tall, go get yours because you deserve it

Stand stand tall stand tall, good people know they've got to earn it

Stand stand tall stand tall, and all the children got to learn it...because you deserve it

If your family life is saddled with a burden

If your lover's out and you don't deserve it

Now you're finding out nothings ever perfect

If your standing tall you still got a purpose

Stand stand tall stand tall, go get yours because you deserve it

Stand stand tall stand tall, good people know they've got to earn it

Stand stand tall stand tall, and all the children got to learn it...because you deserve it
