

## Stoned

Richie Kotzen

Ain't no hallucination is my imagination runnin' away  
from me  
I once was fantasizin' but now I'm realizin' love is  
the way for me  
My past is lost and jaded, how long have I been waitin'  
oh she's the one for me...

I've been lookin' for someone to come who can make me  
understand..  
I've been stoned this time I got what I pray for...  
I've been stoned by love i was alone but I know what  
I've waited for..  
I will stay for you

I've come to my decision I just can't go on livin' my  
life without someone I never had a reason but you got  
me believin' that something goin' on...  
I've been waitin for someone to come who can make me  
understand  
Since you came into my life i see there's a rreason why  
were here...

I've been stoned this time I got what I pray for...  
stoned by love was alone but now I know what I've  
waited for... I will stay for you I've been  
stoned this time I got what I prayed for..stoned by  
love  
Was alone but now I know what I've waited for... I'll  
stay for you I've been watchin' as the time goes by now  
I've got to make a move Ain't no woman ever notice me  
quite the way you do  
I've been stoned.. I've been stoned by love...

I've been stoned this time i got what I prayed for...  
stoned by love Wsa alone but now I know what I've  
waited for I will stay for you I've been stoned this  
time I got what I prayed for ... stoned by love Was  
alone but now I know what I've waited for... I will  
stay for you O' I've been stoned by love...
