

Testify

Richie Kotzen

Love...Love is the one thing we all need more of, so be
loved
Trust...Trust is what keeps a true love together, we need
trust
Time...Time is what heals the trust that we break, give
it time
Trust...Trust that in time we will find the one kind of
love that unifies

When in your life the walls are fallin' on you
Then is the time to testify
Follow the light let all of it surround you
Love will testify

Faith...Faith in the things that you want out of life
"don't lose faith"
Hope...Hope for the ones who are in need of faith, there
is hope
Truth...Truth in the things that are real and promises
made through life

When in your life the walls are fallin' on you
Then is the time to testify
Follow the light let all of it surround you
Love will testify

When in your life the walls are fallin' on you
Then is the time to testify
Follow the light let all of it surround you
Love will testify...
