

Turned Out

Richie Kotzen

I'm all right with my face in the air cause I'm free
No more chasin the trail
living cleane and that's how it should be
So bad for me but I couldn't see
now I'm straight on it
I'm out of the scene save your blood money
don't spend it on me
For the last time I've been snow blind

Turned out of a bad thing sooner that later
hangin off the edge I've been turned out
Livin on the wrong side and I made it
I been tied times done turned me out

In a cold cold wake I came to see
What a hot pipe flame was doin' to me
it's a hard hard road that's taken me here
Now I'm back in the ring like a mother swing

Turned out of a beat thing ... I know the love
we make could never stand to break ...
O I've been turned out
