

Venom

Richie Kotzen

Oh, you're everything around me, I've got no control
Nine, nine lives forgot about me, I've got nothing
And trust, I ain't trusting much about me
Lately I'm out of control

I'm hooked on your venom, you poison my mind
I'm sick from the venom, you spit in my eyes

No, I won't throw down the gauntlet, cause I've got no hope
Wine, I'm drinking from your fountain, I'm soaking in nothing
More, I ain't got enough around me
Lately I'm out of control

I'm hooked on your venom, you poison my mind
I'm sick from the venom, you spit in my eyes
I'm hooked on your venom, I see that I'm blind
I'm sick from the venom, you spit in my eye

I'm hooked on your venom, you poison my mind
I'm sick from the venom, you spit in my eyes
I'm hooked on your venom, you poison my mind
I'm sick from the venom, you spit in my eyes
