

# What Makes a Man

Richie Kotzen

I don't know what your situation is  
But you look real good to me  
I know it's hard to tell what your really gettin'  
When your five hours into the gin  
They say you are what you make it sweet little baby  
I got your number tonight  
Well i ain't know where you been  
Only what you need cause i took to heart  
What my father told me

Ain't no money that makes a man  
I ain't too blind to see  
That only a good hard lovin' can make a man  
Sister believe i got all you need inside of me

Ain't no drug that can mess you up  
Like what i got to give  
You know it should be illegal but fortunately  
I took to heart what my father told me

Ain't no money that makes a man  
I ain't too blind to see  
That only a good hard lovin' can make a man  
Sister believe i got all you need inside of me
