

# The Bottom Line

Rick Astley

When we were out dancing the other night  
You almost got me into another fight  
You always want to prove you've got the touch, baby  
To make all the other guys want you so much

But if you ever do that to me  
Just one more time  
I swear to you that I will blow  
And baby that's

The bottom line  
The bottom line

If you really love me like you say  
Wouldn't keep on hurting me this way  
You always turn away when I call your name  
And baby things just stay the same

So if you ever do that to me  
Just one more time  
I swear to you that I will blow  
And baby that's

The bottom line  
The bottom line

Here we go

You've got to believe it's over  
You've got to believe it's true  
You've got to believe it's over  
And we're through

You've got to believe it's over  
You've got to believe it's true  
You've got to believe it's over  
And we're through

The bottom line  
The bottom line  
The bottom line

All that you have ever done for me  
Is show just how rotten life can be  
But this has taught me one thing that's for sure yeah  
I'll never let that girl back through my door

And if she ever does that to me  
Just one more time  
I swear to you that I will blow  
And baby that's

The bottom line  
The bottom line

I'd like to thank you all for coming this evening

All you people all you people out there  
You're all beautiful  
I wanna take each and every one of you home with me tonight
