

Alone No More

Ricki-Lee

VERSE 1

As I lay alone in bed, clock says 3am
Once again can't sleep coz you're not their right by my side
So many thoughts run through my head of me and you
And I wonder if you're thinkin about me too
Do you dream about me when you go to sleep at night
And do you wonder if I'm gonna be alright

CHORUS

I just wanna spend one night with you
And I wanna order in for two
I don't wanna be alone no more
Don't wanna hear you on the phone
I want you right here by my side
I wanna look you in the eye
There's somethin missing when you're not around
Coz you're the other half that makes me whole

VERSE 2

Everyday I miss you more, the sun don't shine the way it should
But everywhere I go I'm reminded of you
People walking hand in hand, lay their footprints in the sand
I hear our song on the radio, I can't do this any more
Do you wonder what I'm doing when I'm not with you
And do you need me like the way I need you too

CHORUS~BRIDGE

Baby I know I'm never there
When I need you and I need you the most
And I want you to know I'm always there
And I'm only a heartbeat away
If you say I don't wanna be alone no more
I want you right here by my side
I wanna look you in the eye
There's somethin missin when you're not around
Coz you're the other half that makes me whole
