

# Only You

Ricki-Lee

Can you feel my heart beat faster  
The moment that you pull me closer?  
Let's pretend that time is frozen  
Been waitin' all my life  
Never did I see this coming  
Never thought a happy endin'  
I been tryna catch this feelin'  
Been waitin' all this time

Remember when I wished on a star for my heart to find you?  
I'm living in a dream come true, cuz I found you

Only you, only you, only you  
Can take my heart, I'll give it all to you  
Only you, only you, only you  
Everything I have, will give it all to you

Now that the clouds are clearing  
I can see it all so clearly  
Now I know that you're the reason

I've been waitin' all my life  
Livin' in my own love story  
Waking up to you each morning  
I don't wanna lose this feeling  
Cuz I've waited all my life

Remember when I wished on a star for my heart to find you?  
I'm living in a dream come true, cuz I found you

Only you, only you, only you  
Can take my heart, I'll give it all to you  
Only you, only you, only you  
Everything I have, will give it all to you

Remember when I wished on a star for my heart to find you?  
I'm living in a dream come true, cuz I found you

Only you, only you, only you  
Can take my heart, I'll give it all to you  
Only you, only you, only you  
Everything I have, will give it all to you
