

# Elvis Cadillac

Rickie Lee Jones

Wrote a letter to my father  
I thought I'd tell him where I am  
I knew that he was hoping  
I'd come home again

I'm standing in the doorway  
But I'm happy living here  
Everybody always tries so hard  
To sing a song no one can hear  
And yes, my heart was broken  
Yeah but I made it through the night  
Little Janis Joplin she's got a job on the corner bar  
So I guess where doing alright

I got used to all that swimming  
I said come on in the water's fine  
And I know you don't remember me  
But I've seen you, seen you many times

Yes my heart was opened  
No, no I don't look back  
Because I'm riding around heaven  
In Elvis Cadillac  
Riding around in heaven  
In Elvis Cadillac

Yes my heart was opened  
And no, I never look back  
Hey, I'm riding around heaven  
In my Elvis cadillac  
Riding around in heaven  
In Elvis Cadillac  
In Elvis Cadillac
