

# Can't Afford Her

Rico Love

Man said he wanna take my girl  
But he can't afford her  
Put her on game, she's can't unlearn  
All the shit I taught her  
Every other week said she want a new car  
I guess new car keys are the keys to my heart, oh  
Man said he wanna take my girl  
But he can't afford her  
(Action!)

She was datin' grown ass niggas back when we was in high school  
Rollie on the arm and she had her own salon by the age of 21  
Raised a little girl on her own even though she did night school  
So how do you expect her respect with no check, you ain't even got no funds,  
damn

Can't believe this little  
Man said he wanna take my girl  
But he can't afford her  
Put her on game, she's can't unlearn  
All the shit I taught her  
Every other week said she want a new car  
I guess new car keys are the keys to my heart, oh  
Man said he wanna take my girl  
But he can't afford her

Got her own money but she wanna spend yours  
Gotta put her in a house where the pool is indoors  
Shoppin' sprees for her and her mama  
Plus her little sister in school  
College shit ain't cheap, you need commas  
These the things that she gon' need from you

Can't believe this  
Man said he wanna take my girl  
But he can't afford her  
Put her own game, she's can't unlearn  
All the shit I taught her
