Rico Love

Yo, bout to OD on PJ
Five cherry bombs for me and send three to the DJ
That's my nigga
That's my nigga homes
I don't know him but he play my favorite jigga song
Where the fuck my keys?
Oh shit, I valeted
But this pretty bitch who visited from LA
I call the contact
She's smoking Cali
She my motivation
Shout out to Kelly
Whatever, I hope you go down
And I'm fucked up, but so the fuck what
I'm bout to order me a couple more rounds
I'm a ball so hard that she gotta think about a nigga
Whenever she touch this down

About to do some dirty things
Back seat of the Range
I paid for that flight
So sex will be exchanged
I heard your head is crazy
Well my dick is deranged
Bout to blow you back up at the flame

Champagne is my Viagra
Champagne is my Viagra

Yeah, turn the lights on

Rolling down the highway
Listening to my shit
Jumping in that pussy
Hit first like a [?]
I ain't into cuffing but I hold that pussy hostage
Bitch hope you keep a secret
Don't wanna wake up on bossip
Please don't take no pictures
Please don't take no pictures
Especially with my jewelry on
Damn these hoes so vicious
A lot of ass up in your jeans
Bout a hundred thousand in my britches
Let's start by take one
And shower bitches with these riches
Hood nigga till the death, hoe
Eyes low I don't wanna rest though
I just wanna put it in and press go
And I really hope you lesbo

Bout to do some freaky things
Back seat of the Range
I paid for that flight
So sex will be exchanged
I heard your head is crazy
Well my dick is deranged

Bout to blow you back up at the flame

Champagne is my Viagra
