You can slide but you gotta drive a foreign to play  
You can slide but you gotta drive a foreign to play  
You can slide but you gotta drive a foreign to play  
You can slide but you gotta drive a foreign to play

Got my D'ussé bottle on ice  
Yeah I'm nice but I know I could be nicer  
It's looking like one of those nights  
They was hyped, when I walked in they got hyper

Why spend 20 thousand, why spend 50 thousand  
I'm just fucking glad I made it above the clouds and  
I know I can have everything I find at browsin'  
See it then I bag it, I'm no longer browsin'  
(Turn the lights on)

Might put stones in my watch  
Might just brawl till my mama tell me stop  
I do not take calls [?]  
[?] 'bout to turn it to a drop

Got my D'ussé bottle on ice  
Yeah I'm nice but I know I could be nicer  
It's looking like one of those nights  
They was hyped, when I walked in they got hyper  
(You can slide but you gotta drive a foreign to play) [x2]  
Hyper, hyper, hyper  
(You can slide but you gotta drive a foreign to play) [x2]  
They got hyper, hyper, hyper

Why spend 20 thousand, why spend 50 thousand  
I'm just fucking glad I made it above the clouds and  
Told 'em I [?] and they told shut my mouth and  
Then I took a rock and I turned it to a mountain

Might [?] for the block  
Might save it all and invest that shit in stocks  
Might take 'em all to the top  
Might get filthy rich and start lookin' like I'm not

Got my D'ussé bottle on ice  
Yeah I'm nice but I know I could be nicer  
It's looking like one of those nights  
They was hyped, when I walked in they got hyper  
(You can slide but you gotta drive a foreign to play) [x2]  
Hyper, hyper, hyper  
(You can slide but you gotta drive a foreign to play) [x2]  
They got hyper, hyper, hyper

Why spend 20 thousand, why spend 50 thousand  
I'm just fucking glad I made it above the clouds and  
I had their applause and I noticed they get loud when  
I step in the [?] so I told 'em let the crowd in

Beat go hard, get knock  
All eyes on me, got me feelin' like I'm Pac  
I be standin' on the bar givin' shots

Yeah they love a G whether you like it or not

Got my D'ussé bottle on ice

Yeah I'm nice but I know I could be nicer

It's looking like one of those nights

They was hyped, when I walked in they got hyper

(You can slide but you gotta drive a foreign to play) [x2]

Hyper, hyper, hyper

(You can slide but you gotta drive a foreign to play) [x2]

They got hyper, hyper, hyper

(Turn the lights on)

You can slide but you gotta drive a foreign to play

You can slide but you gotta drive a foreign to play

You can slide but you gotta drive a foreign to play

You can slide but you gotta drive a foreign to play
