

Paradise

Rico Love

Can we kiss like lovers
Let me touch and tease you on sight
Can we fuck like two crazy people
Let's just lose our minds tonight
Oh lover, got to know how bad I need you (in my life)
Out here fuckin' like two crazy people, stuck in paradise

We didn't come way out here just to argue
I coulda saved my money
You coulda saved your time
I know it just ain't easy to forget
But let's start to
Start like we did once way back when
Let's try to act like the love's alive

Can we kiss like lovers
Let me touch and tease you on sight
Can we fuck like two crazy people
Let's just lose our minds tonight
Oh lover, got to know how bad I need you (in my life)
Out here fuckin' like two crazy people, stuck in paradise

Earth's crackin' up under you
Thunder shakin', no headboard
Rainin' down on our rendezvous
Don't mind 'cause this what we here for

Just put me in that place in your head
Where you keep your desires
Let nothin' divide us
Let the passion hide us
We can fit inside

Can we kiss like lovers
Let me touch and tease you on sight
Can we fuck like two crazy people
Let's just lose our minds tonight
Oh lover, got to know how bad I need you (in my life)
Out here fuckin' like two crazy people, stuck in paradise
Out here fuckin' like two crazy people, stuck in paradise
