

Shine

Rico Love

Shine on these hoes
Shine on your ex man
Shine like you got nothin' to prove
It's just you and your best friend, yeah
I'm the one who helps you
Shine on these hoes
Shine on your ex man, no
Shine like you got nothin' to prove
It's just you and your best friend, yeah

Wrist on icy, lookin' like a wifey
CC on your sneaker, had to upgrade you from Nike
You be [?] like you know Stevie J
Fashion week in Paris, girl your life is so exciting

We just met that one girl you went to school with [?]
Though she tryna figure how did you get there
You just tell her "Oh yeah had to do what's asked"
Your man just wants to make sure that you can

Shine on these hoes
Shine on your ex man
Shine like you got nothin' to prove
It's just you and your best friend, yeah
I'm the one who helps you
Shine on these hoes
Shine on your ex man, no
Shine like you got nothin' to prove
It's just you and your best friend, yeah

You be trippin' hard girl, look at what I did
Got you your own business, tell me what nigga did you like this
Look at where we are, look at them pretty kids
I, I, I, I, I drop them fifties on you when you want 'em 'cause you my bitch
Drop them fifties on you when you want 'em 'cause you my bitch
Turn the lights on

We just met that one girl you went to school with math
Though she tryna figure how did you get there
You just tell her "Oh yeah had to do what's asked"
Your man just wants to make sure that you can

Shine on these hoes
Shine on your ex man
Shine like you got nothin' to prove
It's just you and your best friend, yeah
I'm the one who helps you
Shine on these hoes
Shine on your ex man, no
Shine like you got nothin' to prove
It's just you and your best friend, yeah
