

Whole Lotta Sex

Rico Love

We should have a whole lotta sex
Whole lotta, whole lotta, whole lotta sex
Somewhere on an island
Somewhere on a plane
We should have a whole lotta sex
To make up for all the lies and all the disrespect
Let's go somewhere private
We need an escape
We should have a whole lotta, whole lotta, whole lotta sex

Bounce, bounce, bounce, while I kiss your neck
Sex faces while my face is in your breast
One stewardess hopin' she'll watch
Guaranteed before we land you'll be gettin' off
And I ain't talkin' parachute, oh no
I'll be takin' care of you, oh no no
Know it might sound crazy
But I got enough on me to go [?] baby baby

We should have a whole lotta sex
Whole lotta, whole lotta, whole lotta sex
Somewhere on an island
Somewhere on a plane
We should have a whole lotta sex
To make up for all the lies and all the disrespect
Let's go somewhere private
We need an escape
We should have a whole lotta, whole lotta, whole lotta sex

So fucked up, way too much
Water on the bridge is drownin' us
Tired of all the fightin', don't wanna fuss
Just wanna touch
Baby give it all to me
Make me feel good every day
I need you to kiss me the way I like
Till everything's alright, oh

We should have a whole lotta sex
Whole lotta, whole lotta, whole lotta sex
Somewhere on an island
Somewhere on a plane
We should have a whole lotta sex
To make up for all the lies and all the disrespect
Let's go somewhere private
We need an escape
We should have a whole lotta, whole lotta, whole lotta sex

Been around and I really miss it
[?] and I wanna kiss it
Stop the trippin' you over [?]
Be quiet, babe, sit back and listen
I'ma [?] just because
Damn I'm in love and I really miss it
I can't lie in this [?]
You warm inside, bang like a pistol
Flashbacks of them beat cheeks

And them boy shorts when you drop, bae
Get online and book a ticket
Just me and you in Montego Bay

Runnin' up a whole 'nother [?]
We should have a whole lotta sex
Just me and you, yeah
You just [?] the phone
I'ma take you for a long ride, just hold on, yeah

We should have a whole lotta sex
Whole lotta, whole lotta, whole lotta sex
Somewhere on an island
Somewhere on a plane
We should have a whole lotta sex
To make up for all the lies and all the disrespect
Let's go somewhere private
We need an escape
We should have a whole lotta, whole lotta, whole lotta sex
