

## Rowdy

Ricochet

It's hour number thirty nine  
Just one more left to go  
Been working like a dog all week  
Just to hear that whistle blow

Well, I know sometimes you like those  
Quiet nights just you and me  
Well, tonight we're goin' someplace loud  
And the floor's thump, thump thumpin' underneath our feet

It's about time we got rowdy  
Forget about workin' and just get crazy  
Burn that line 'till our boots are smokin'  
Well, the sun's going down  
Baby, let's hit this town  
Let's get rowdy tonight

Gonna turn this old joint upside down  
Gonna beat it like a drum  
Gonna kick our heels up so high  
Make the rafters rattle and hum

Baby, let's take this paycheck  
Burn it at both ends  
We'll dance through the ashes  
And then do it all over again

It's about time we got rowdy  
Forget about workin' and just get crazy  
Burn that line 'till our boots are smokin'  
Well, the sun's going down  
Baby, let's hit this town  
Let's get rowdy tonight, yeah

Oh, the sun's going down  
Baby, let's hit this town  
Let's get rowdy tonight

It's about time we got rowdy  
Forget about workin' and just get crazy  
Burn that line 'till our boots are smokin'  
Well, the sun's going down  
Baby, let's hit this town  
Let's get rowdy tonight, yeah
