Plus we know the gate code
Answer phone they let me in
Time is like 2 somethin'
Whip cream interior
The paint job is candy pumpkin
'Fore I pull the cars out
Yes she took her bra off
'Fore I pulled the charger out
Now she took her draws off
Let me in garage down
Turnin' up the temperature down
Felt like she caught a fever
My ice like a freezer
Cold cold now yeah
Let me turn to jelly something
Orange juice try tell you somethin'
Put on top i'm barely nothing

Ice like a swimming pool was melted down
Coogi on my waistline
Shooting 3 shots from the baseline

Doing 360 figured I was doing slam dunk
Sunny side the wrist watch
Wrist look like scrambled egg arithmetic

So many rings upon my hand gotta clean it with some comet
Gotta use the cleaner (coogi coogi cata leaner)
Just gave me a subpoena cause i was obtuse in the sprinklers

Candy fall off my ride
Representing south side
And you know I wide

I'm the it's like the butts mill
Full screens filled watching duck tale
Girl you can ride if you suck well
What a like a must tell
Bus shells thug If he got beef like a lunch pill
Push the hell a boy hatin'

Once he starts around your head like troy

My swag is so fresh

Clear VVS

The red's chevrolet trunk banging like a set

And just to catch a glimpse girls dislocate their neck

And any track I catch like a drunk im gon' wreck

So you can ask I'm flyer than a jet plane

Dripping candy stains

Cause my coat is wet paint

Like I got a vet brain

I'm military minded

In the south is where you'll find me with some real goons behind me

Making wrist blinded

rewinded

TV's screen shining

Im full time grinding

It's the cold lou also known as cold blooded

Conversation worth millions cause the whole grill studded (ya dig)

Say I got 216 with the ass shakin'

While the 215 got the glass breaking

They be askin' to come but don't jack the jump

Cause we packed a pump like the gas station

I'm glass davies with the boy Holdin' the grind Distorting the chain got the
boy We controlin' the game like I'm the boy SP

Number one (one)

Might catch me make the spun

Drop more mixtapes than anyone

Nigga like me roll with my handgun

High is the ransom that's my family

You won't see me unless they candy

Lookin' good nigga fine and dandy

I'm blowing

Egg look like scrambled egg

Ice look like yolks

Egg egg look like scrambled egg

Ice look like yolks

Egg look like scrambled egg

Ice look like yolks

Egg look like scrambled egg
