

# I'll Be Fine Anywhere

Ringo Starr

- "Rich?"
- "yeah!"

Sometimes it's a lonely life i lead,  
Sometimes i just don't care  
No one around me to put down me,  
I can go anywhere.  
Well, i'm alone but i'm alright,  
I'm on my own on a saturday night,  
I don't know, honey, i don't care.

I'll be fine anywhere,  
I'm doing alright.  
I'll be fine anywhere,  
I know a lot about living,  
It don't pay to care,  
I'll be fine anywhere.

Oo -

Well, i say somewhere down the line,  
If nobody's next to me,  
Don't need no one to reminisce  
All of my memories.

Well, i'm alone but that's alright.  
I'm on my own on a saturday night,  
I don't know and, sugar, i don't care.

I'll be fine anywhere,  
I'm doing alright.  
I'll be fine anywhere,  
I know a lot about living,  
And it don't pay to care,  
I'll be fine anywhere.

I got no worries when i'm out running around, (keep runnin')  
The devil don't own me, my angel told me,  
Man you're heaven bound.

Well, i'm alone but that's alright. (that's alright)  
Ev'ryday is saturday night, (saturday night)  
I don't know and i don't really care.

I'll be fine anywhere,  
Yeah, i'm doing alright.  
I'll be fine anywhere,  
I know a lot about living,  
It don't pay to care,  
I'll be fine anywhere.  
Oo, i'm doing alright.  
I'll be fine anywhere,  
I know a lot about living,  
It don't pay to care,  
I'll be fine anywhere.

Oh yeah, honey.

Well, it's bye-bye, honey, bye-bye, bye-bye  
As jerry lee lewis once said, bye-bye  
Bye-bye,  
Bye-bye,  
Bye-bye,  
Bye-bye,  
Bye -

Yeah, bye-bye, bye-bye, baby.
