

# Roc the Life

Rita Ora

My way in London, Americana  
The persona, it's primadonna  
Kick a motherfucker to the cizzurb  
You think you crazy, I'm berserk

I'm off the chain, you gotta love it  
I can't express enough, how bad I want it  
Maybe one day, I wanna be there  
Beyond the stars, like a zillionaire

I brought my clique up in here  
Put them diamonds in the air  
You can hate this all you want  
But we gon' take this everywhere

Don't pay them, no never mind  
You're just a waste of time  
Baby watching from the sideline

While I roc the life li li la la li li life  
While I roc the life li li la la li li life  
While I roc the life

I see the lights, see the money  
Super glamorous  
Fresh off the runway  
Wanna be infamous

Notorious as directed  
According to us, whiskey nights  
Gettin' it in to tear blowing money fast  
Get it again

Maybe one day I'll live there  
Beyond the stars  
Like a zillionaire  
I brought my clique up in here  
Now put your diamonds in the air  
You can hate this all you want  
But we gon' take this everywhere

Don't pay them, no never mind  
You're just a waste of time  
Baby watching from the sideline

While I roc the li li la la li li life  
While I roc the li li la la li li life  
While I roc the li li la la li li life  
While I roc the li li la la li li life  
While I roc the life

Oh oh, we're gon' make this day last forever  
Oh oh, I'll make this the night to remember  
No surrender

Write my name on stars  
So you can see it

Wherever you are  
Please believe it  
I'mma take it all  
Ain't gonna stop  
Until I fall fall fall fall

Write my name on stars  
So you can see it  
Wherever you are  
Please believe it  
I'ma take it all  
Ain't gonna stop  
Until I

Oh, I wanna roc the life  
While I roc the life li li la la li li life  
While I roc the life li li la la li li life  
While I roc the life li li la la li li life  
While I roc the life li li la la li li life  
While I roc the life
