All That I Want

if i could make you love me
i would not want you to
it's you that i want
and not what i want from you

if i could help you see me the way that i see you hope you like what you see and i hope that it pleases you

i dont care what it takes
from me to give to you
i'll do anything that you ask me to

you're all that i want you're all that i want

if you could feel my heartache each time you walk away you would never leave and i would never ask you to stay

if you could only hear me the way i hear your voice it would bring you to tears and i want you to have a choice

i dont care what it takes
from me to give to you
i'll do anything that you ask me to

you're all that i want you're all that i want

if i could make you love me
i would not want you to
it's you that i want
and not what i want from you

if i could help you see the way that i see you hope you like what you see and i hope that i please you
