

The Man Who Wasn't There

Rival Sons

Fade away, wish you'd stay
Think of me eventually
Like a child, like a child

Searching forward, have we lost him?
The man who wasn't there

Come with me, let's make believe
Night and day aren't so far away

Searching forward, have we lost him?
The man who wasn't there
The man who wasn't there
The man who wasn't there
