

# Take My Cue

Rivermaya

Why are you still in bed?  
You think it's still alright  
Should quit while I'm ahead  
While it's alright  
Stop holding tight

I can't get over this  
'Coz I'm useless  
And my mind says  
I don't belong with you  
I guess I need to  
Take my cue

It's so empty and tense  
It ain't alright  
Am I making sense  
I hope it's alright  
We'll see the light

'Can't stay here in the dark  
Where I'll drown in tears  
Dont' wanna cry no more  
'Can't stay here in the dark  
Where I'll drown in tears  
Dont wanna cry no more  
Let's just close the door
