

## Wild Angel Candy

Rivermaya

Spare me words of wisdom  
It won't change the truth  
There's a hole in your head  
And The devil's in your shoes  
Thursday gave me freedom  
From the psycho-saving art  
Monday showed you someone  
Could tear your pride apart  
I don't need no Wild angel candy  
Wild angel candy, can't take (it/you) no more  
Save your words of wisdom  
It don't change the truth  
There's a whore in your bed  
And your pride don't fit in your boots  
Thursday gave me freedom  
From my baby-sitting part  
Monday showed you someone  
Could tear your soul apart
