## I Turned You Down

I turned you down so hastily And it's tearing me apart In my heart of hearts I'm screaming In my heart of hearts I cry And it's cold So cold

I turned you down Oh, I turned you down so thoughtlessly And it's tearing me apart In my heart of hearts I'm screaming In my heart of hearts I cry How I wish you told me that

I wish you'd told me that before I wish you'd told me that before I wish you'd told me that before

I turned you down
