

Dreamers

Rizzle Kicks

Wooo! Rk... Rk what! ?
We're the believers, do you believe us?

I can find my place in my dreams
(In my dreams, in my, in my dreams)
Yeah I can find my place in my dreammms

Yeah, it's that kid with the British accent,
Still kicking and bringing us wicked raps when,
Other rappers lack sense, innovation absent,
Take that in to the count like your bank said,
Yeah, let me set the rhythm,
And these texts are spinning,
We be best in Britain,
When I say best, I mean best at livn',
As the best decision,
To see lesser limits

We aim higher,
Higher than Mariah in a choir or the guy who chills with bubbles in a wire,
Desire, to leave behind, the reason why,
As little as, read to find, our recent times,
I paint what I wanna be like a portrait,
You let other people paint you (poor trait),
All day, I'd have more faith in what y'all say,
But you're forte aint to talk straight,
And I know

I can find my place in my dreams
Said I can find my place in my dreammms

I don't care what you choose as fact,
I'm gonna take myself to the moon and back,
In my dreams, (My dreams),
My dreams, (My dreams),
My dreams, (My dreams),
My dreams, (My dreams),

Straight up we do this and, Imma spaceman,
Yeah, with a suit to match
In my dreams, (My dreams),
My dreams, (My dreams),
My dreammms

Yeah, imma grafter,
Check out all the grit on my Nike's,
Delivering these lyrics like I'm big in the 90's,
I love rhythm, and I sit on it nicely,
Your chick's lips syncing cause she rinses it nightly
Yeah,
It's far from a mission to find me,
Kicking it in Cadmen,
or spitting with hinesy,
And if you're like, "I just listen to hype beats"
well I'll leave your swimming with the fishes you Pisces,
I'm getting ready for stressed days,
How I rap now aint the best way,

To earn money and ting
It seems like rapping like you're dumb as (woo!)
That's how you get paid,
Well, I'm not on that,
I'm different, I love rap and living,
Wrong that, you're kidding,
All facts considered,
You made me believe your make-believe,
suttin like Batman figures, Yeah!

I can find my place in my dreams
Said I can find my place in my dreammms

I don't care what you choose as fact,
I'm gonna take myself to the moon and back,
In my dreams,
(My dreams), (4x)

Straight we do this and, Imma spaceman,
Yeah, with a suit to match
In my dreams,
(My dreams),
My dreams,
(My dreams),
My dreammms

I can find that place, up in my dreams tonight,
Where you and I, don't have to fight,
Over what is right or wrong,
It's not you who decides,
Oh this is my life oh oh

I said think of all those stupid things that you've ever said to me,
Put it in perspective and then tell me that you don't agree,
I'm not telling you to think what I think,
but your point of view just really aint my cup of tea,
I wish everyone could all live in harmony,
When people made decisions,
It was always made impartially,
I find it hard to speak,
Suppose I'm always half asleep,
Doesn't change the fact that I've never made a harmful speech

Yeah I'm feeling spaced out,
What, (feeling spaced out)
A place for the believers,
That don't be you then leave us,
We need some dreamers to feature,
(I'm feeling spaced outttt),
Spaced out,
Yeah, I'm feeling spaced out

Yeah, now I wanna stomp on the moon,
Stomp on it,
Stomp on the moon,
Stomp on it, stomp on it, (4x)

I don't care what you choose as fact,
I'm gonna take myself to the moon and back,
In my dreams,
(My dreams), (4x)

Straight up we do this and, Imma spaceman,

Yeah, with a suit to match
In my dreams, (My dreams),
My dreams, (My dreams),
My dreammms
