

# Now Comes the Night

Rob Thomas

When the hour is upon us  
And our beauty surely gone  
No you will not be forgotten  
No you will not be alone

And when the day has all but ended  
And our echo starts to fade  
No you will not be alone then  
And you will not be afraid  
No you will not be afraid

When the fog has finally lifted  
From my cold and tired brow  
No I will not leave you crying  
And I will not let you down  
No I will not let you down  
I will not let you down

Now comes the night  
Feel it fading away  
And the soul underneath  
Is it all that remains  
So jus slide over here  
Leave your fear in the fray  
Let us hold to each other  
Till the end of our days
