

You Know Me

Rob Thomas

You got hurt bad
Man who didn't
There's those who will help you and those who won't
I would then, you know me
It starts up here
Brings you down
Cry me a river, I'll try not to drown
I'm thick skinned, you know me

Yeah you know everything
Sometimes I feel so small
I'm not that strong but I'd sure like to be
But you know me

After the years it starts to turn
I get together and you get burned
Younger then, you know me
I don't say what should have been
I don't say anything these walls are thin
I'm paranoid baby, you know me

Yeah you know everything
Sometimes I feel so small
I'm not that strong but I'd sure like to be
But you know me

You know me I'm always sorry
Sorry, always
I got a lot of problems
And my problems won't change
And you know it makes me feel bad
I feel bad always
You make me feel bad, always

Yeah 'cause you know everything
Sometimes I feel so small
I'm not that strong but I'd sure like to be
So tell me everything
And I will be your friend
Life is long and I'm too old now to pretend
