She done made me love her and I ain't gonna leave her be
Hey, Baby, please don't dog me around
Yeah, Baby, please don't dog me around
If you don't quit your fooling, put ya 6 feet in the ground
You should talk to your daughter
She done made me love her and I ain't gonna leave her be
You should talk to your daughter
You should talk to your daughter
She done made me love her and I ain't gonna leave her be
You should talk to your daughter
She done made me love her and I ain't gonna leave her be
You should talk to your daughter
She done made me love her and I ain't gonna leave her be
