Testimony

Robbie Robertson

Look over yonder, Apollo at a distance You can hear his music if you listen to the wind (blow) I want to be there, I want to be right there

Bear witness, I'm wailing like the wind Come bear witness, the half-breed rides again In these hands, I've held the broken dream In my soul, I'm howling at the moon

Testimony, testimony
Declare yourself, I will testify
Testimony, testimony
Speak the truth, I will testify

I had a revelation like runaway horses Took to the road with a carnival show (roll on) Those golden days on Smokey Mountain Playing guitar in a one man band

Bear witness, I'm howling at the moon Come bear witness, I've danced among the ruins In these shoes, I've walked a crooked mile All my life I been searching for the nightbird

Testimony, testimony
Declare yourself, I will testify
Testimony, testimony
Speak the truth, I will testify

Are you ready to take the heat
Are you ready to blow the steam
Are you ready to bag the street
You got nothing to lose, but your chains

For forty days and forty nights I come across the desert Apollo right by my side (rave on)

Bear witness, I'm wailing like the wind Come bear witness, the half-breed rides again In these hands, I've held the broken dream In my soul, I'm howling at the moon
