

Good Doctor

Robbie Williams

Can we do it again

Take that, take that

You alright star

No star

You alright star

You alright star

No star

I don 't feel proper

I went to the dr to get a prescription

I told him little fact and lots of fiction

About a bad back that I ain't got

He tried to sell me faith healing

But I think not

I want Xanax, Vicadin and Oxycotton

Funky fill the form out

So I can drop em'

I've got all these demons

And I can't stop em'

To tell you the truth Doc

I might have a problem

Robert Williams take one adoral with water in the morning

As if I'm goin' to take one tablet I'm Keith Moon

Dick head

He said this one's to take you up

Wow how

He said this one's to take you down

When I take um I don't feel sound

And I look rather... Round

You alright star

No star

You alright star

No star

You alright star

No star

I don 't feel proper

You know what Doc its alright and all

I just heart me leg its not terminal

But a pain killer could help for whats wrong with my knee

And I'm a little bit down from too much tea

Got me own collection can't get an erection

If I take em' too long they'll fuck me complexion

That's right If I take em for like more than a few days I get that haunted look

Give me loads of pills

Give me loads of pills

Give me loads of pills

Give me loads of pills

He said this one's to take you up

Wow how

He said this one's to take you down

And I look rather... Round
You alright star

Now if you go to the barber shop long enough then you're goina' get a hair cut
And if go to the doctors regular, then you gots to be a fuck up
Well I've got 5 or 6 if I'm at a loss
Do I have a history of drug abuse, well I never tick that box
And I now that some of you are going to be really really cross
The drug's stop working so prescription pills are boss
The glory days are gone and we've all stopped havin' it
No raves no more just bedside cabinet
Sleepers are great but don't start dabbing it
The world carries on spinning we're mad in it
Take that, take that

He said this one's to take you up
Wow how
He said this one's to take you down
Wow how
When I take um I don't feel sound
And I look rather... Round
You alright star

But if you can give me any of the following pills
I'd be very very grateful cos I feel poorly
So that's

Menocrabedene
Hydroanoxycodine
Anolodene
Buprenopheine
ButroPhenol
